ABOUT THE CANTINE COLLECTION

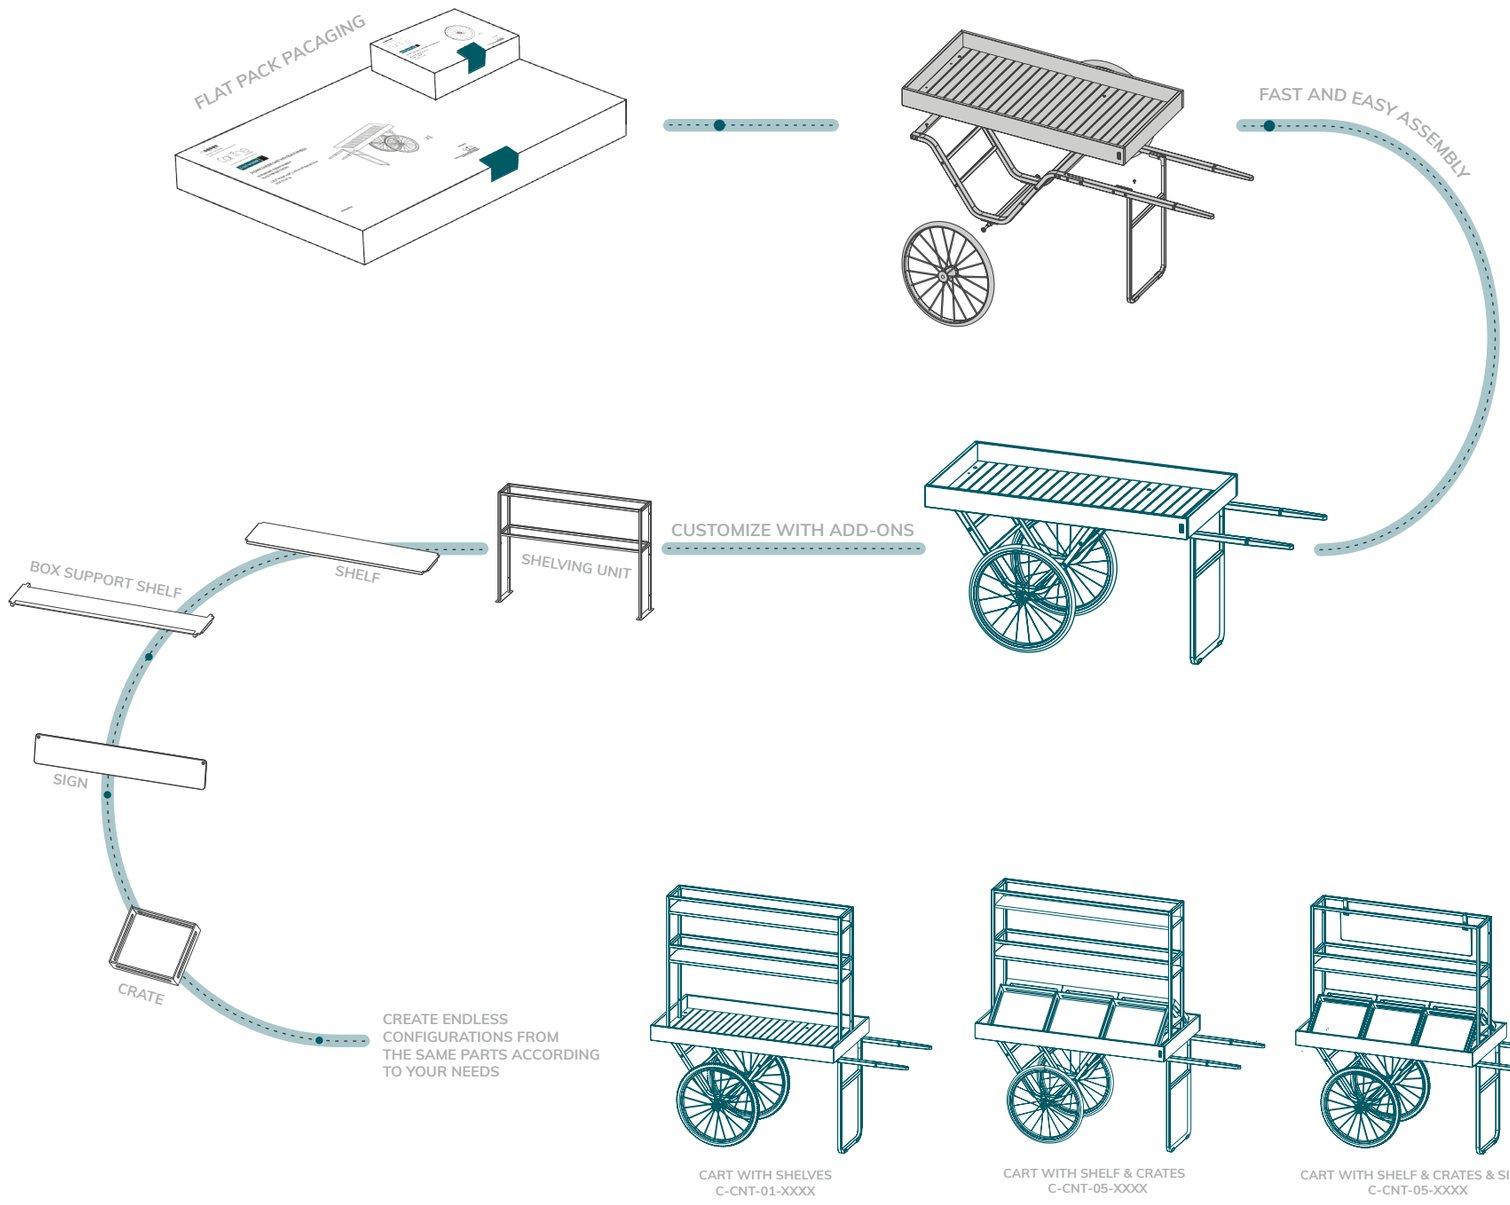

Mogogo's cover version of the archetype iconic market cart.
Those carts have existed for centuries for goods transportation
and for merchandise displaying at markets around the world. Mogogo revives
this concept, by updating the design and materials while respecting the past.

MATERIALS

Bent bamboo beams are the core of the Cantine Cart,
giving the construction strength in a streamlined style. The
lightweight bamboo structure is durable, and with additional
decorative metal elements it creates a fine tension between a
traditional look and advanced design. The cart arrives in two
finishes, Natural bamboo with Stainless Steel metalwork and
Dark Brown with Copper metalwork.

HOW IT WORKS

All components of the basic cart fit in the main crate, making it affordable to ship and fun to receive. Additionally, adds-ons enhance the cart into several concepts which can literally fit anywhere. The airless 26” wheels will perform on most terrain, making this cart a perfect companion for transit.

SYSTEM BREAKDOWN

The Cantine consists of the base cart packed within its own crate. Inside, the large wheels, the handle, and all fittings are located seamlessly. On top of the cart, the shelving structure can be easily added creating a versatile display cart for hospitality.
The Cantine can be shipped flat like everything Mogogo does
