A MODULAR F&B
FURNITURE BRAND

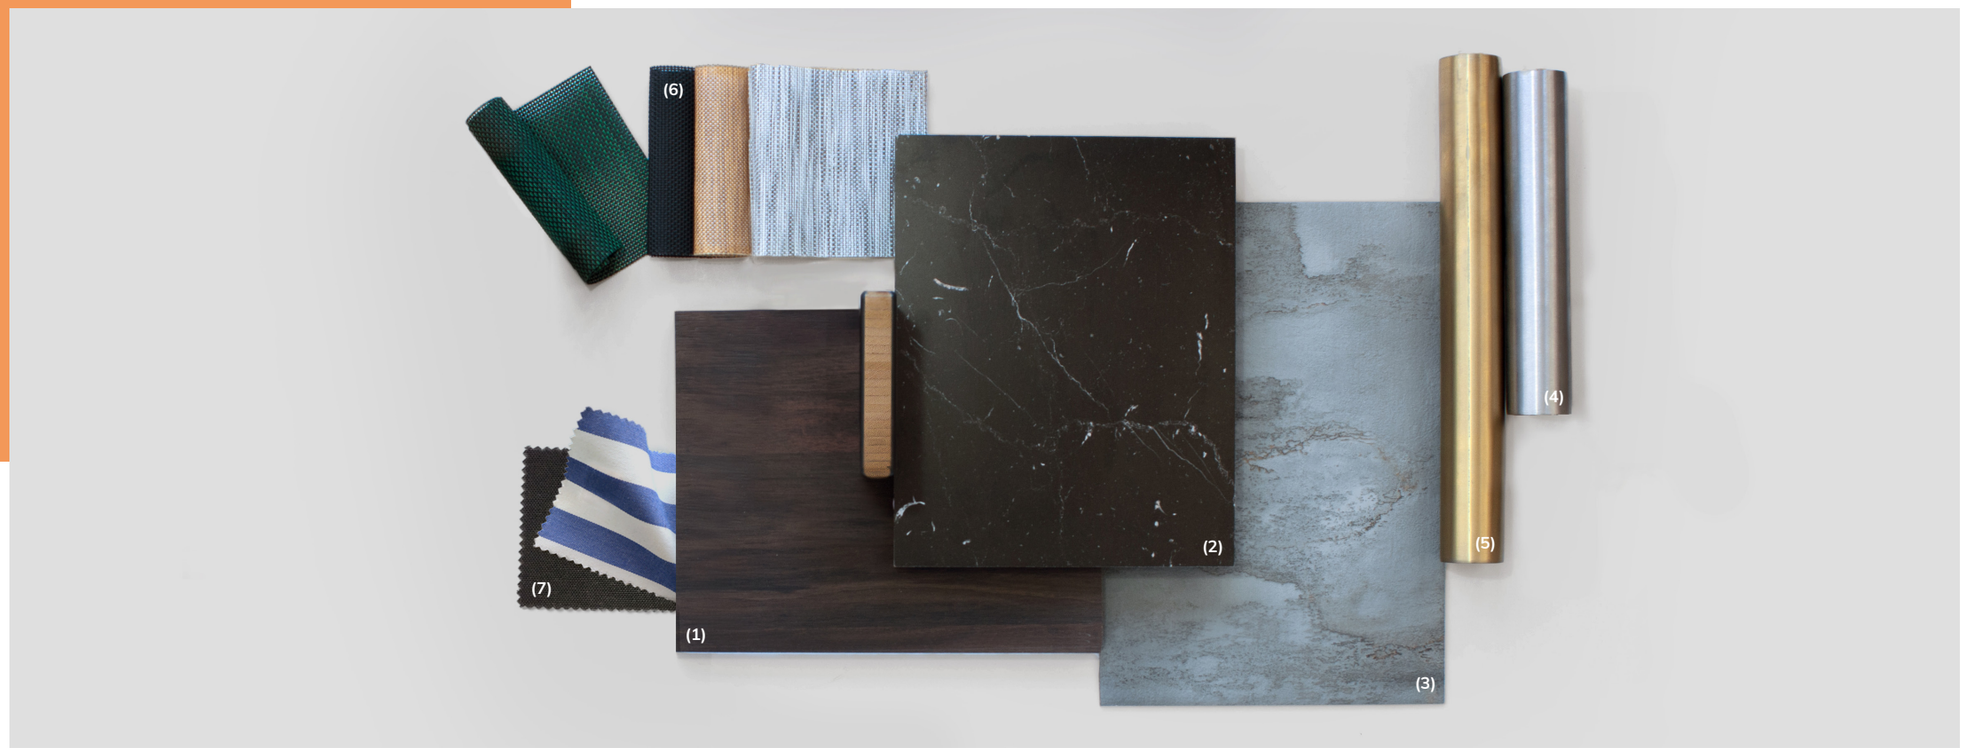

BORN FROM A PASSION FOR **STYLE & GASTRONOMY**

Mogogo is led by designers and chefs that are aiming to introduce innovative, luxurious, and highly functional equipment to foodservice professionals.

OUTDOORS MODULAR MOBILE SUSTAINABLE ADD ONS

THE BAR IS OPEN

ABOUT MODULAR COLLECTION

Mogogo's flagship collection, the Modular System, allows you to use the same components in various ways to create endless configurations. Our Modular System contains the Classic and Creative Ranges, supported by a large variety of add-ons.

Our Classic Range consists of basic units and shelves that fit each other seamlessly, functioning as building blocks to the Modular System. It is characterized by a sleek linear design, adaptable to both traditional and more modern look.

The Creative Range is composed of curved and straight units which fits seamlessly together. The Creative system is patented and offers unique features based on our vast experience in large food service operations.

Mogogo's F&B stations are carefully designed, maintaining a delicate balance between functionality, durability, and mobility; all in perfect symbiosis with high design standards, providing an ideal solution for the hospitality industry.

Classic Range | Creative Range

MATERIALS

Modular collection tops are made of our innovative BHP material.
BHP is a newly composed material that arrived after two years of intense R&D. It merges layers of High-Pressure Laminate with a Vertical Bamboo core (Mogogo's expertise) creating a lighter yet durable panel that offers new textures and colors. This new material combines the advantages of both bamboo and HPL, perfect for the ever-changing needs of the hospitality industry. BHP is available in a variety of finishes that resemble natural materials such as Bengali Mango Wood, Nero Marquina Marble, and Grey Slate, (1-3), making it easy to match with any event and decor. The innovative bamboo core of the BHP goes in line with Mogogo's sustainability motto while the HPL's outer coating is durable for different environments, hygienic and easy to clean.

Modular segments come in 2 finishes-
brushed stainless steel (4) and brushed brass (5).

Effortlessly hide parts of the shelves with Mogogo original quick covers (6). Both durable and easy to clean, available in four color options allowing you to match any style and decor.

For that extra outdoor look and feel, add a canopy (7) to your station, made from a sturdy Cordura fabric known for its resistance to abrasions, tears, and scuffs.

MATERIAL GUIDE

Customize your Modular Stations by choosing from the different colors and finishes available.
Simply choose your preferred design combination by inserting the corresponding letter to its designated space as demonstrated below.

HOW IT WORKS

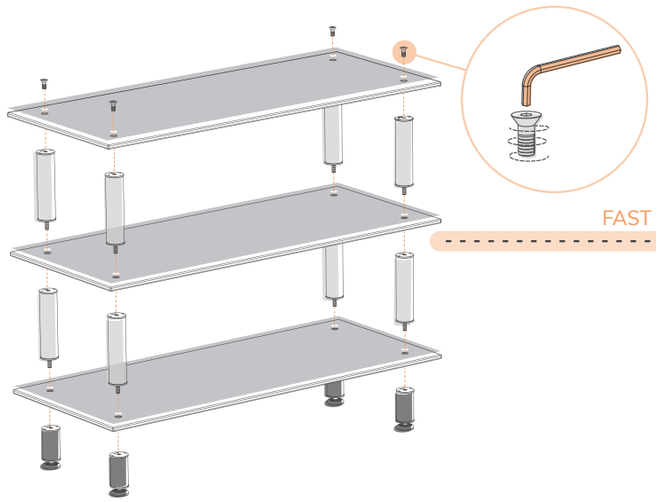

The Mogogo Modular System is based on parts, which can be combined to create endless configurations. These individual components sit at the core of the Mogogo Modular System. They are utilized as the base for creating Action Stations, Buffet Stations, Bar Stations, and more when combined with add-ons, to offer the perfect customized touch for all of your hospitality needs.

All Stations have essential elements: tabletops, mid-part segments, and leg segments (permanent or mobile casters). You can choose your add-ons: different shelves, signposts, quick covers, arches, etc., for the ultimate customization.

What is unique about the modular System is the freedom of building any F&B station you wish from the same parts. Start with a Basic Station and add shelves: it makes for the ideal Breakfast Station. Add a different tabletop and covers; it becomes an elegant Bar Station.
All this is done with one Alen ranch in a matter of minutes.

(shown with optional Golden-Brown quick covers)

LIVE & ACTION STATIONS

Guests' fascination with chefs, food preparation, and presentation around the action station continues to grow and evolve in events today - it's a great way to add some spice and surprise to your culinary landscape.

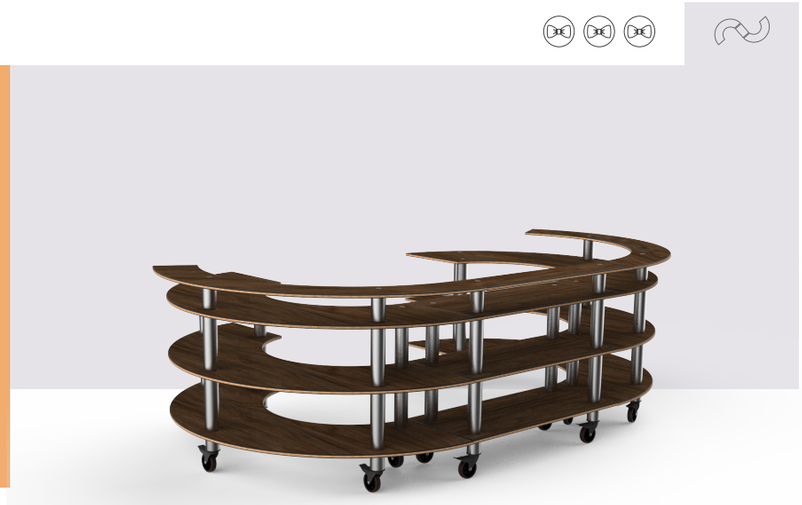

Mogogo's Action Stations are designed to enhance the interactive experience of your guests through elegant design, while providing chefs and F&B professionals all the functional elements they are looking for. From an omelet station to a make-it-your-own dish station, Mogogo Action Stations are extremely modular; our ever-expanding line of add-ons and a wide range of tabletops deliver functionality and authenticity.

Cooking in front of the guest entices all their senses - and we believe beautifully crafted furniture is part of the experience.

(shown with optional Large Oval high display shelf and Small Oval low display shelf)

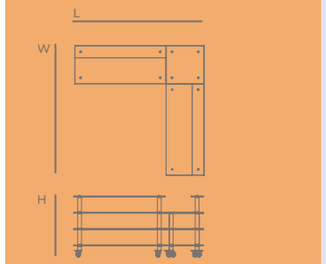

BUFFET STATIONS

As a fundamental functional element to any F&B operation, we believe Buffet Stations no longer need to be hidden under linens nor lifted by the staff.

Mogogo takes an innovative and sustainable approach to Buffet Stations by introducing new designs and functionality for linenless F&B Furniture, revealing beautiful clean lines.
The presentation of a station is just as important as the aesthetic of the food being served and Mogogo offers ideal solutions for Chefs to display their most exquisite dishes. From Classic to Creative, Mogogo Buffet Stations offer a wide range of display and self-service options. Above, add shelves to elevate the dining experience of your guests; below, add our Quick Covers to conceal extra storage space.

Maximize every corner of your catering space by mixing and matching our Classic Range and Creative Range to reinvent the experience of self-service in events.

TRANSFER & STORAGE CARTS

Designed for convenience and mobility, Mogogo's utility carts are an integral part of the Modular system as they make storing and assembling the stations an easy task. Whether it is to push them through the halls, or get in and out of elevators, they make the behind the scenes of your time-sensitive events easier and give you an extra push on productivity.
The carts can store up to five large Classic units or four large Creative units while the orange vinyl coated areas ensure comprehensive tabletop protection.

SYSTEM BREAKDOWN

Mogogo's Modular System is based on a wide range of individual parts, which can be stacked up & assembled to design a variety of stations.

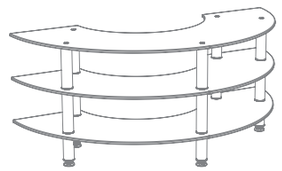

Our Modular System stems from the simple idea that your F&B Furniture should adapt to your ever-varying needs during different event sizes, types, and themes. It allows you to pick and choose basic elements such as tabletops, leg segments, casters, shelves, and other add-ons.

Endless vertical and horizontal possibilities exist while choosing between our functional tabletops: from classic to cooking, warming and bar tabletops, or picking your material and finishes of choice. Mogogo's Modular System gifts you an ocean of possibilities.
