craster

2026–27 COLLECTION

Hospitality exists to bring people together, create a sense of place, and bring joy to people's lives.

Increasingly, that ambition sits alongside mounting pressures: higher expectations, busier services, changing teams, and the need to run dependable, profitable operations. This catalogue is designed to help.

Craster develops beautifully considered, intelligent front-of-house solutions that help teams shape spaces with clarity and confidence, allowing environments to be set up, refreshed, and adapted with ease.

Over the past 12 months, this approach has translated into a series of considered new launches, from countertop pieces such as the Tilt fine bone China Coupes and Linear Platters, to Solo additions, new two-tier Flow elevations, and significant progress across our Stak and Fare event dining ranges, now evolving into genuinely versatile platforms for multiple service setups.

Breakfast as the proving ground

Breakfast has become hospitality's proving ground: a moment of high expectation where flow, replenishment, and increasingly restraint matter as much as care and quality. We have published our first white paper exploring how breakfast is evolving and what defines a great breakfast experience today, available on our website.

Built to endure and adapt

Longevity remains central to how we design, supported by a wider commitment to responsible practice across our business and supply chain. We are now accredited by EcoVadis, reflecting our focus on responsible sourcing, ethical standards, and continual improvement.

Tools that bring clarity

We also help clients make sense of spaces operationally and commercially, with planning and specification support that brings clarity early. Our planning tools continue to expand, enabling clients to envision commercially compelling space transformations. Our team is available to support planning when helpful.

We look forward to supporting you through the year ahead. We hope this collection helps you create spaces that feel generous, run smoothly, and bring joy to the moments people share.

Craster Design Studio

Craster Design Studio is a team of experienced industrial and interior designers and developers. We focus on product creation and space curation for the hospitality industry.

The studio was born out of collaborations with hospitality professionals, operators and interior architects with the intent to create innovative and intelligent solutions. We derive our inspiration from the collaboration itself, the quality of materials, best-practice design methodologies and achieving functional excellence.

Our Design Philosophy

We create intelligently designed solutions that elevate hospitality experiences through a balance of form, function, and longevity. Our philosophy is centered on crafting refined, purposeful products that seamlessly integrate into luxury environments, enhancing both presentation and operational flow.

Our approach is guided by three key principles:

→ Experiential craftsmanship—Every product is developed to create memorable, tactile interactions, considering proportion, usability, and aesthetic impact to enrich the guest experience.

→ Versatile design thinking—Our collections are designed with adaptability in mind, allowing for seamless integration across different hospitality settings while maintaining a cohesive visual language.

→ Sustainable longevity—We are committed to material integrity and meticulous craftsmanship, ensuring our products endure the rigors of hospitality service while reducing environmental impact.

By designing with both today and tomorrow in mind, we empower our clients to create hospitality moments that are both enduring and effortlessly elevated.

> As a manufacturer, longevity is a powerful way to reduce our impact on the environment. We achieve this in a number of ways. We are uncompromising in the quality of materials we employ. We will always strive to eliminate the extraneous. And we care about build quality and detail. Many of our products are still working hard in relentless hospitality environments 15 years after being introduced into service.

Product Design

Combining Client Collaboration and Bespoke Manufacturing

In the competitive world of premium hospitality, delivering unique guest experiences is essential.

At Craster, we help clients stand out with custom-designed products that blend aesthetics, functionality, and craftsmanship.

Tailored to Your Vision

Every hospitality space is unique, and our Custom Design Service enables clients to create bespoke solutions that align seamlessly with their brand identity and operational needs.

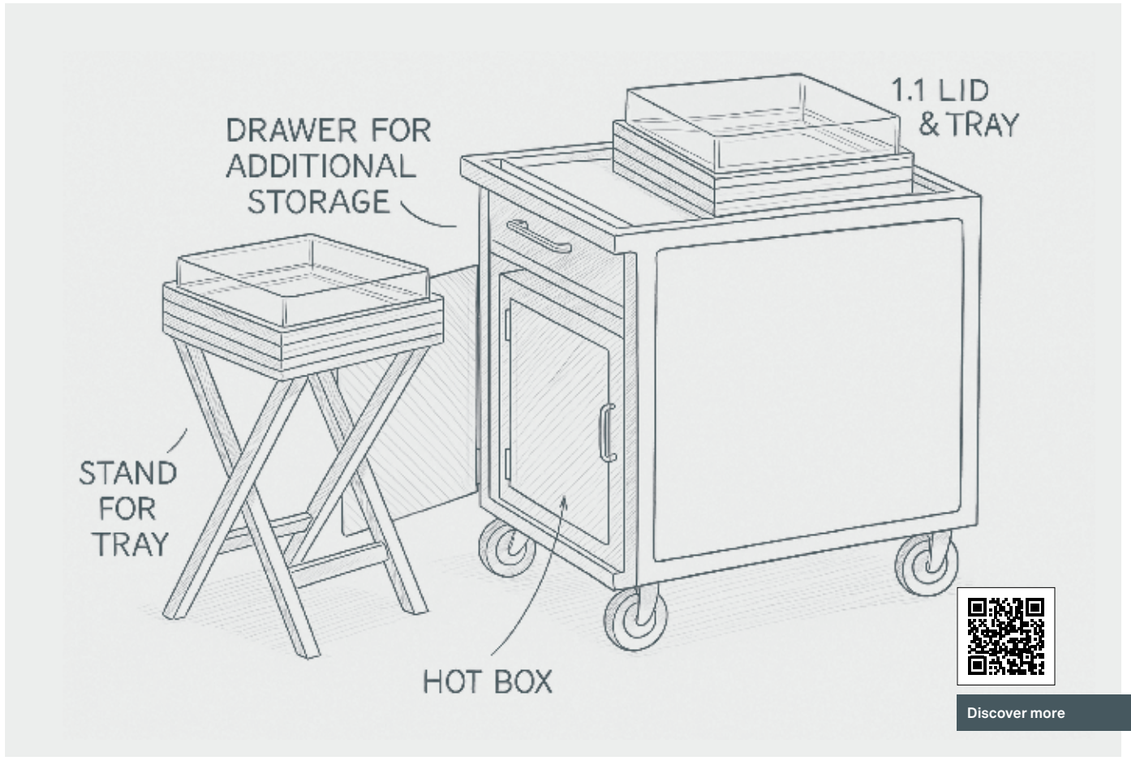

Whether refining existing designs or developing something entirely new, we collaborate with leading hotels and restaurants to craft exclusive solutions that elevate both style and service flow.

Crafted for Quality and Longevity

Each bespoke piece is built to last, reflecting the same precision, sustainability, and intelligent design as our core collections. Clients can expect meticulous craftsmanship and hospitality-grade durability, ensuring consistency across both standard and custom solutions.

Our Collaborative Process

- → Consultation and concept development: Understanding brand positioning, operational requirements, and design intent.
- → Design and prototyping: Refining concepts into functional, manufacturable solutions.
- → Precision manufacturing: Using premium materials and expert craftsmanship to ensure lasting quality.
- → Seamless delivery and support: Reliable production, global logistics, and ongoing client assistance.

Contact your Craster representative to collaborate on distinctive, high-performance hospitality solutions.

Space Curation

Our PLAN 2.0 software makes designing, refining, and visualising hospitality setups effortless.

Start with a photo: upload an image of your space for a real-world reference. Then, explore Craster's curated product library to configure trays, dispensers, and modular displays with ease.

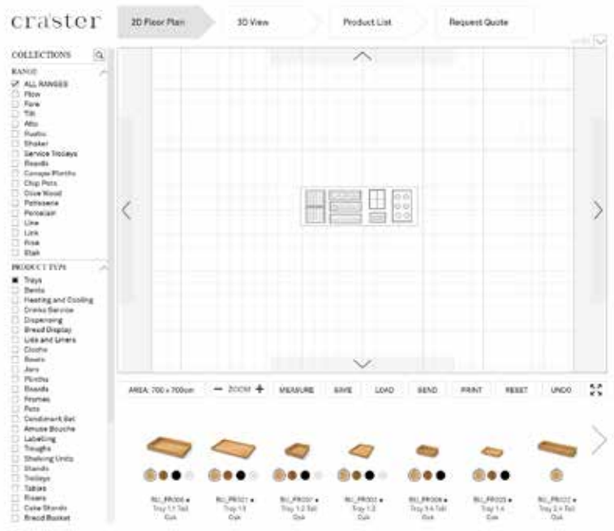

Whether designing a coffee station or any other F&B setup, PLAN 2.0 ensures an optimal balance of style and function. Its Augmented Reality (AR) feature places your design into the actual space, allowing teams to fine-tune product positioning for seamless service flow and accessibility.

Once final, share the design for quick approval, eliminating guesswork and streamlining execution.

Make smarter decisions, optimise service flow, and create beautifully functional spaces—all before placing an order.

Contact your Craster representative to explore PLAN 2.0 today.

Outdoor and Event Dining

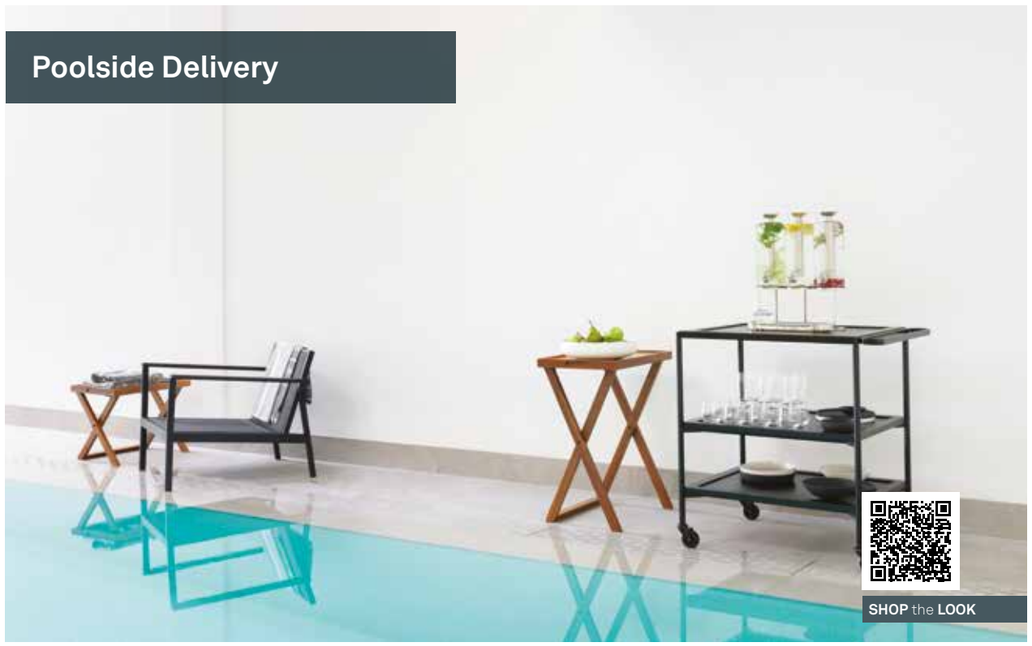

Built for mobility and durability, Stak + Fare transitions effortlessly between indoor and outdoor service. Whether for al fresco dining, poolside refreshments, or large-scale events, the system ensures quick reconfiguration, weather-resistant performance, and a cohesive design aesthetic.

Seamless Hospitality, Minimal Inventory

A single framework, endless service moments. Stak + Fare reduces storage needs while enabling rapid transformation between multiple functions. Designed for efficiency, elegance, and adaptability, this system redefines mobile hospitality furniture with limitless possibilities and minimal footprint.

Shop the Look

Back Bar and Beverage Stations

From sophisticated back bars to cocktail stations, Stak + Fare offers intuitive, reconfigurable layouts that maximize space and efficiency. Shelving adjusts for easy bottle display and storage, while trolleys enable flexible front-of-house service and discreet replenishment.

Grab-and-Go and Self-Service Display

For high-traffic hospitality, efficiency and accessibility are key. Stak + Fare creates versatile grab-and-go stations that are easy to replenish and adapt throughout the day. Bridging elements expand merchandising space, while mobile trolleys shift seamlessly between breakfast, retail, and all-day dining.

Flow Tritan Lid Liner

Designed to offer a contemporary, glass-like covered solution, the new Flow Tritan Lid Liner offers a premium guest experience for covered food presentation and wet food display in a dishwasher-safe and BPA-free material.

Flow Lid Liners can be used as a lid or a liner, enabling Flow trays to hold fresh ice for drinks or yogurt pots, or to transform trays into covered cuisine solutions. The Flow Tritan lid liner is compatible with 1.1 Tall and 1.2 Tall Flow trays as both a lid and a liner. Use with 1.1 and 1.2 Low trays as a lid only.

Flow Heating Units

The 1.1 and 1.2 Flow Heating Units are ideal for keeping food hot while on display, utilising ceramic heating element technology and offering an easily adjustable variable temperature control up to 140°C (284°F).

With a solid black lacquered, natural oak, or walnut base and a slate-like composite surface, the Flow Heating Units offer a unique aesthetic solution for keeping food warm.

Compatible with 1.1 and 1.2 Flow frames.

How to Create Your Buffet with Tilt

Tilt is a flexible system composed of cylindrical metal frames compatible with serving top solutions for both wet and dry foods as part of a large display or in single-serve presentations.

To create a custom display, choose a frame diameter and height. Then pair it with bowls, plinths, or juice dispensers crafted from luxurious marble, black glass, stainless steel, or solid wood. For a seamless setup, ensure that your selected display vessel is compatible with your frame's diameter.

Tilt Porcelain Platters

With a gentle hemispherical curve, the Tilt porcelain platters enhance food presentation, especially for salads, by creating volume and visual impact with less product.

Available in white, grey, and dark grey, the colours match our bestselling Tilt Bowls and offer flexibility for buffet display. Darker tones highlight vibrant ingredients and help paler foods stand out. Made from high-fired porcelain, the platters are durable and dishwasher safe for everyday professional use.

Tilt Rustic Olive Wood Bowls

Beautifully handcrafted from solid olive wood, each piece in this collection showcases the rich, natural grain of the timber. Ideal for displaying fresh produce, these rustic bowls and platters bring organic warmth and character to any setting.

Due to the natural variation in grain and the artisanal process, each item is unique, and subtle differences in size and finish are to be expected.

Tilt Drinks Service

With its elegant curves and simple, functional features, the ice-free Tilt Juice Dispenser is a perfect addition to any group setting, quenching guests' thirst with a seamless serving experience.

The innovative ice-free cooling system keeps 8 litres of liquid (2.1 gallons) cool for up to 4 hours, ensuring seamless service across safely timed guest visits, with an intelligently designed drip tray locating easily onto the Tilt Frame for enhanced stability and reduced spills.

Hand-blown from Crystalline glass, our Tilt Carafes feature a tapered neck with angled top for pouring. Ideal for serving water or juices, they can be used alone or combined with Flow Carafe Risers or Flow 2.4 Carafe Plinths to create a unique display for groups or alone for in-room or at-table dining. Add Carafe Corks to stop spills and cover drinks between services.

Tilt Yoghurt Dispenser

The Tilt Yoghurt Dispenser, inspired by the traditional milk churn shape, delivers both elegance and practicality. Designed to hold a full service of yoghurt, each pump dispenses a precise 1 oz (30 ml) serving.

Versatile in its setup, the dispenser can be used with the classic Tilt frame or placed on its stylish wooden rest, seamlessly blending form and function.

Presentation Boards

Cut from robust oak, these Presentation Boards are ideal for casual canapé display.

Our Pure Mineral Oil provides protection, retaining the wood's natural colour and character while prolonging the life of your board. The oil is clear, tasteless, odourless, and food safe, making it ideal for use on wooden items including bowls, risers, and utensils. It can also be used on slate or stone.

Mineral oil can be applied with a folded kitchen paper towel.

Solo

Solo is crafted using traditional slip-casting: liquid porcelain is moulded, pressed, and hand-finished to remove imperfections. Glazed inside and high-fired for durability, every piece is dishwasher and microwave safe.

The unglazed matte exterior highlights the natural beauty of porcelain. Select forms stack, inspired by Japanese Tiffin boxes —ideal for refined, service-led plating.

Porcelain Condiment Pots and Amuse Bouche

The Porcelain Condiment Pots and Amuse Bouche vessels are perfectly sized for individual servings. The Porcelain Condiment Pots can be used alone or arranged on a solid timber plinth, available in oak or walnut, to create a structured display. The slim-walled porcelain Amuse Bouche vessel elevates small-serve presentation with its refined, angled form.

Both the Condiment Pots and Amuse Bouche pieces are dishwasher safe.

Olive Wood Bowls

Our standalone Olive Wood Bowls have a special and vivid grain structure, making each piece unique.

Every bowl is shaped from a new piece of wood; despite our meticulous drying process, cracks can occasionally appear in the wood due to the specific nature of these natural products.

FURNITURE

Fare

- → Configurable F&B distribution and display system.
- → Designed for all-day operational efficiency.
- → Gastronorm footprint for modular use.
- → Use as standalone trolleys or expanded stations using a drop-in bridge.
- → Metal frame is enhanced by reversible, replaceable hardwood or HPL panels for extended durability.
- → Accessories like speed rails and concealing panels maximise functionality and optimise front-of-house use.

Ideal for:
Breakout lunches, mid-morning coffee and pastries, drop-in coffee station, Bloody Mary cart, drinks station, front bar.

Discover more

Fare Trolley System

The Fare Trolley collection offers multiple configuration options.

Select from solid timber or HPL options and extend presentation surfaces using the bridges, which fit between two trolleys on the short or long side.

Additional accessories, such as speed rails and pots, maximise surface area, and mesh panels provide flexible, concealed storage or display.

Fare Trolley System

The Fare Trolley and Bridge are designed to optimise F&B presentations, with the flexible slot-in bridge fitting on top of the trolley for transport and storage and easily bridging two trolleys to provide additional surface display.

Available in solid timber and HPL options. Accessories operate across both 3.1 and 2.1 trolleys.

Stak Shelving Unit

The Stak Shelving Unit adds agility to front-of-house displays with a unique, intuitive construction. Each shelf within the frame can be angled or flat to offer dynamic presentation and storage surfaces, and bridges connect shelving units to lengthen merchandising areas. Wheels and cable management provide further flexibility to the Stak system.

Coverage panels and signage accessories available on request.

Stak + Fare: A Mobile F&B Toolkit

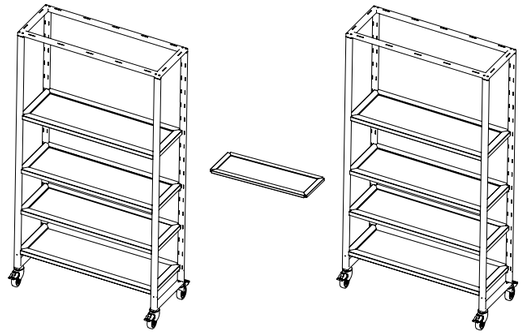

Stak + Fare redefine flexibility in hospitality, transforming spaces effortlessly with minimal inventory.

A single set of frames seamlessly adapts to multiple uses, from back bar to outdoor dining, grab and go to banqueting, ensuring operational agility without compromising aesthetics.

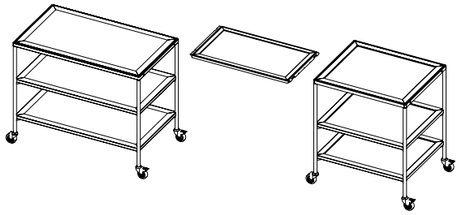

The Stak adjustable shelving and bridging system pairs with Fare modular trolleys and surfaces, allowing teams to reconfigure layouts in real time.

The result? A dynamic, space-efficient setup that evolves with service needs, reducing storage while maintaining a cohesive look.

Designed for premium hospitality, this intelligent, mobile system brings efficiency, elegance, and adaptability to every venue.

FURNITURE

Line

Features: Lightweight tops and a compact, folding leg system for hygiene-focused, linenless table design.

Intuitive: Locking system with ergonomic grip allows single-person setup, breakdown, and changeover —no tools needed.

Sizes and shapes: Available in 1800mm and 1500mm; shapes include rectangular, classroom, trapezoid, and half-round for versatile configurations.

Components: Includes tabletops, legs, optional modesty panels, optional cable management, and mandatory trolleys.

Construction: HPL tops with durable Reef edges; legs and undersides match in colour, with recommended pairings and custom options available.

Storage and transport: Trolleys store eight tops and legs, offering high stacking density for efficient transport and storage. Legs fold to 43mm (1.7in) width; table tops slot beneath the trolley for efficient, compact storage.

Discover more

Intuitive Set-Up

Intuitive locking system and ergonomic grip for seamless set-up, breakdown and changeover. No tools required.

Wipe-Clean Hygiene

ISO 22196 compliant laminate tops offer wipe-clean ease.

Compact Storage

Legs collapse to 42mm (1.7 inches), with tops slotting underneath on the trolley for class-leading storage density back-of-house.

Line Table System

The Line Table System is available in two sizes – 1800mm and 1500mm – and in four different shapes – rectangular, classroom, trapezoid and half round – to create various configurations to suit any space requirement. Line consists of five different elements: table tops, legs, modesty panels (optional), cable management (optional) and trolleys.

Also available in dimensions 1800 × 600 mm and 1500 × 600 mm.

Please contact your Craster representative for further information.

Line Cable Management

Line Table power units have been designed to fit discreetly beneath tables, with a subtle cable management sleeve to reduce trip hazards and unsightly wires. Equipped with male and female sockets, each unit can be daisy-chained together, with magnetic clips provided to channel cables discreetly along table frames. Intelligently designed USB-A and USB-C outlets for mobile and laptop charging may be toggled in and out and replaced without affecting adjacent sockets.

Available in North American, EU (Schuko), UK/IRL, and Japanese sockets as standard.
Other regional sockets available upon request.

Link

Introducing **Link**, a sleek, versatile events table for ambitious event space designs.

Supports: Full F&B services, presentations, and seating areas, combining front-of-house elegance with back-of-house functionality.

Complements: The Line system for a seamless look across spaces.

Features: Slender obround legs with a central folding mechanism for easy storage and setup in three heights.

Shapes: Available in rectangular, round, and square.

Customisation: Linenless design with durable HPL or toughened glass tops for flexible, hygiene-conscious, wipe-clean solutions. Choose table shape, top material/ finish, and leg height (short, medium, tall).

Nesting arrangements: Mix and match different heights for versatile setups.

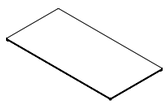

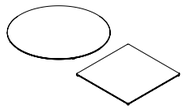

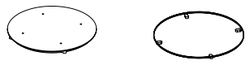

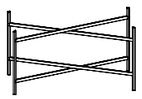

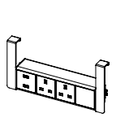

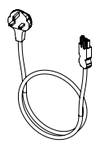

Trolleys: Store up to six tops and legs, ensuring safe transport and storage of glass and HPL tops with excellent stacking density and craftsmanship.

Discover more

Link Table System

The innovative Link Table System blends front-of-house poise with back-of-house functionality in a beautiful concept. Available in three shapes—rectangular, round and square—Link tables can be combined with different height legs to create nesting arrangements.

Select a shape and material for the top and finish by choosing a leg height (short, medium, tall). The Link 600 series is an ideal cocktail table footprint. Note that 600 series tops and legs do not operate with other Link products.

Link Reef Edge Table Tops

A highly resistant innovation, the Reef table top edge ensures longevity in the aesthetic and operation of conference and events ranges. The protective Reef edge offers the perfect solution for frequent set-up, breakdown, and back-of-house storage. Combined with laminate tops, Reef edges provide an unparalleled ease of care.

Our other HPL finishes from Line are available for Rise and Link, dependent on order quantity.
